EXCELLENCE IN LUBRICANTS

AUTOMOTIVE & COMMERCIAL GEAR & TRANSMISSION

FLUIDS & LUBRICANTS

LUBRICANTS FOR ALL SECTORS

Contact your Area Sales Manager if you require one of the following brochures from our Lubricants and Fluids Range, alternatively visit www.exol-lubricants.com/downloads for an electronic copy.

STATEMENT OF QUALITY

Exol products are supported by O.E.M. approvals, acknowledgments and registrations and a quality guarantee of being of “parts of matching quality” under European Block Exemption Regulations.

These lubricants can be used for vehicle servicing without invalidating the vehicle or replacement parts warranty, providing the application is as given in the Exol Technical Data Sheet.

* Providing the lubricant specification required by the vehicle manufacturer is detailed on the product label or Technical Data Sheet.

AUTOMOTIVE & COMMERCIAL GEAR & TRANSMISSION

Exol's comprehensive range of automotive and commercial gear and transmission lubricants combine a high level of protection with long, trouble free service life. The range includes premium grade fully synthetic, robust semi synthetic and mineral oil based grades for manual and automatic transmissions.

Exol Lubricants is proud to produce and supply the highest quality products that have been approved by Original Equipment Manufacturers (OEMs), for full details please visit Exol's website and select Product Approvals.

Find the right oil for your vehicle with Exol's free online Which Oil look-up, visit www.exol-lubricants.com

Technical Data and Safety Data Sheets are available to view and download through Exol's website product pages.

FLUID CHECK

Providing fluid analysis & diagnostic services for:

Power Generation & Distribution, Road & Rail Transport,
Construction, Mining, Industrial and Marine

What Is Fluid Check?

Fluid Check is Exol Lubricants' market-leading fluid analysis programme for condition monitoring of all types of fluid-lubricated systems and vehicles.

Your equipment represents a significant investment and it's critical that it remains operational at all times. Failure of your equipment can result in loss of production, and associated costs running into thousands of pounds per hour. Imagine if your business was suddenly unable to provide a core service or product. This potential damage to reputation and future business needs to be avoided wherever possible.

Fluid Check helps reduce unplanned downtime, extends oil drains and detects potential failures before they happen.

AUTOTRANS ELC FULLY SYNTHETIC Automatic Transmission Fluid

BULK DELIVERY

Exol's fleet of vehicles comprises a mix of dual-purpose vehicles and large tanker trucks to enable us to deliver bulk orders ranging from 500 litres to 32,000 litres on one vehicle.

Clearance Requirements

Rigid Truck dimensions

Length: 36',

Width: 8'6" - requires a minimum of 12' clearance

Height: 12'6"

Tanker Truck dimensions

Length: 68',

Width: 8'6" - requires a minimum of 12' clearance

Height: 12'6"

Access

Do you have access for your bulk oil delivery service?

Please use our handy guides to determine if our vehicle can gain full access to your site and oil storage tanks.

1. Can the vehicle gain safe access?
2. Range: can we gain access to within 50ft of the storage facility (tanks)?

Checks & Supervision

Will the tank take the ordered volume?

It is essential that a site supervisor is present at all times during the delivery of the oil to ensure that all procedures are met and the oil is delivered safely to tank.

For further information please contact us: **Email: Info@exol-lubricants.com | Tel: +44 (0) 121 568 6800**

TECHNOLOGY THAT WORKS FOR YOU

All Exol products are supported by our experienced technical department and team of area sales managers. Our technical support is second to none.

For further information please contact us:

Email: info@exol-lubricants.com

Tel: +44 (0) 121 568 6800

Exol's technical department draws on over 60 years of oil industry experience and expertise, and is here to help you match the right product to the right application. They are also on hand where you have problems, or special requirements.

We take great pride in ensuring that our products are truly worthy of our motto, "Excellence in Lubricants".

Exol's market-leading technical support and partnership program is supported by our comprehensive laboratories at both Wednesbury and Rotherham sites.

Technical Support Initiatives:

- Lubricant advice by phone, email and VRM Look Up
- Recommendation on the correct use of our products
- Lubrication problem solving
- Product information
- Safety and technical datasheets
- Sample analysis on all lubricants through Fluid Check program
- On-site technical support

HOW TO FIND THE PERFECT OIL

To ensure you are picking the correct oil for your vehicle, Exol's Oil Check couldn't be easier:

www.exol-lubricants.com/oil-check

Simply enter your vehicle details

User friendly on-screen instructions

Safe in the knowledge you have the correct information

Simply enter the vehicle's details and we'll do the rest. We can then provide you with an overview of the optimum lubricants for your vehicle.
